NOV 13 2025

BROOKFIELD, NEWS, Nov. 13, 2025 (GLOBE NEWSWIRE) -- Brookfield Wealth Solutions (NYSE, TSX: BNT) today announced financial results for the quarter ended September 30, 2025.

Sachin Shah, CEO of Brookfield Wealth Solutions, stated, "Our business continues to generate strong returns, benefitting from Brookfield's investment capabilities and our operational expertise. This quarter marked significant progress in our international expansion efforts in the U.K. and Japan, positioning us for further growth from activity in these regions in the coming quarters."

2. Per share amounts have been adjusted to reflect the three-for-two stock split completed on October 9, 2025.

Third Quarter Highlights

Deployed \$4 billion into Brookfield originated strategies across our investment portfolio at an average yield of 9%.

Originated \$5 billion of annuity sales during the quarter, primarily from our retail channel.

Our Property and Casualty float remained stable at approximately \$8 billion, providing us with investment flexibility and risk diversification.

On July 31, 2025, we announced the acquisition of Just Group plc. ("Just") a U.K.-based retirement specialist financial services company. The transaction remains on track to close in the first half of 2026.

On September 30, 2025, we announced our first Japan-based reinsurance agreement, which became effective in October 2025.

Operating Update

We recognized \$427 million and \$1.3 billion of distributable operating earnings (“DOE”) for the three and nine months ended September 30, 2025, compared to \$370 million and \$947 million in the prior year period. The increase in earnings for the current period reflects higher net investment income from a larger asset base and progress made repositioning assets into higher yielding investment strategies as well as the continued improvement in the operating performance of our property and casualty business following initiatives undertaken over the past year to reduce volatility. Current year DOE also includes a full nine months of ownership of American Equity Life in comparison with only approximately five months in the prior year period.

We recorded net income of \$608 million and \$842 million for the three and nine months ended September 30, 2025, compared to net income of \$65 million and \$671 million in the prior year period. The net income in the current quarter is primarily the result of our strong operating performance, along with favorable equity market movements. Net income in the prior year quarter included the impact of DOE and unrealized mark-to-market gains on equity securities, partially offset by unfavorable movements on reserves due to interest rate and equity market volatility.

Today, we are in a strong liquidity position, with approximately \$32 billion of cash and short-term liquid investments across our investment portfolios, and another approximately \$25 billion of long-term liquid investments. These liquid assets position us well to meet policyholder obligations and support the ongoing rotation of our portfolio into higher yielding investment strategies.

Regular Distribution Declaration

The Board declared a quarterly return of capital of \$0.06 per class A share and class B share payable on December 31, 2025 to shareholders of record as at the close of business on December 16, 2025. This distribution is identical in amount per share and has the same payment date as the quarterly distribution announced today by Brookfield Corporation on the Brookfield class A shares. On a post-split basis, the quarterly dividend is consistent with the previous quarter’s dividend.
